

A finely manicured landscape

adds beauty and value to your property.

It takes time and effort to maintain a beautiful, healthy landscape. Once you invest in an automatic sprinkler system, consider hiring Eco Irrigation for maintenance, repair, and water saving solutions.

With 30+ years of experience at all levels of the irrigation industry, Eco Irrigation ensures that your system performs at optimal performance.

Water conservation and healthy landscapes are our top priorities; not to mention our devotion to customer service.

Call us today at 919-788-8569 or visit us online at www.ecoirr.com.

Leave it to the Experts...

Thirty years of experience in design, soil analysis, plant water requirements, allows us to make the right decision for our clients. Eco Irrigation is certified by the Irrigation Association and is a member of the Carolina Irrigation Association, and the Irrigation Association.

Maintenance and repair made easy

Your sprinkler systems can malfunction over time and weaken if not taken care of properly. Landscapes grow and change over the years, and your sprinkler system should be adjusted accordingly. Servicing and adjusting your automatic sprinkler system can be a daunting, time-consuming challenge, but it doesn't have to be.

Eco Irrigation offers the following services:

- Winterization and Spring Start ups
- Repairs
- Preventative maintenance programs
- Backflow testing
- Water conservation consulting
- Irrigation Design

Saving our most precious resource one lawn at a time...

Why worry about water conservation? Believe it or not, only 1% of the world's water supply is fit for human use.

Eco Irrigation is an environmentally conscious company. Not only do we take care of your landscape irrigation needs, but we also take care of the environment.

State of the art technology

We service and maintain all brands of irrigation equipment. We are the only WeatherTrak Ace Contractor in the area. Unlike ordinary controllers, WeatherTrak controllers automatically adjust your irrigation as daily local weather changes.
